The past week Contractor Vandervoort made some splendid and much needed improvements at the Montezuma hotel. "Uncle" Bob Williams is making his popular hotel one of the best in the territory, and the traveling public is loud in its praise of Nogales' best hotel.

Ladies' night at the Athletic Club Thursday was a most enjoyable affair. The ladies provided refreshments and the hungry members of the Club were made happy. In the near future the lady friends of the members will give a poverty ball. THE VIDETTE will then be present.

DIED. December 5th 1899, at El Oro, Mexico, Ernest A. Browne of small-pox. Deceased was well known in Minas Prietas and La Calorada, having been foreman of the different mills there for some years, and was known as one of the best mill men in the country. He leaves a wife and two children who reside in Los Angeles, California; also an aged father in Canada, who has clung to life for years hoping to once more see his son.

A Redewill, the leading piano man of Arizona, has enlarged and extended his business and now he has taken his four sons in as business partners. The Redewill sons are capable, honorable young men and are easily classed among the best musicians in this territory, and we bespeak for this enterprising firm of A. Redewill & Sons a continuance of the great business built up by the tireless energy and fair dealing of their father. The Gazette bids the young men success. — Phoenix Gazette.

IN MINING FIELDS.

Progress of Development in Arizona and Sonora.

The Johnnie Bull, at Stein's Pass, N. M., is shipping 1,000 sacks of high grade copper gold ore to the El Paso smelter this week.

The El Paso smelter is receiving heavy shipments of copper ore from several Arizona mining districts. The past month fifty more cars of ore were received than during the month previous.

The Shannon Copper company has been incorporated under the laws of the state of Delaware for operating what has been known as the Hughes-Shannon copper properties near Clifton, Arizona. The capital stock is \$2,000,000 divided into 200,000 shares at \$10 each.

Mexico:—

It is reported that G. A. Treadwell has sold the Copito mines in Sonora, east of Magdalena, to New York capitalists for \$3,500,000. The ore is rich in copper and gold.

It is reported that near the head of the divided in the mountains east of Hermosillo excellent gold prospects exist, which have only superficial development or none at all.

An English syndicate has secured a large tract of placer ground on the Aros river in the Yaqui country, next to the property owned by the California Lacer Mining company which it is proposed to work according to the latest improved methods of hydraulic mining.

Most encouraging reports come from the Victoria mine in the Montezuma district, Sonora. A rich ledge has been struck which runs high grade, and the company has decided to no longer postpone their contemplated improvements on the property but to begin at once.

S. B. Sanderson, a large grain dealer of Chicago, has secured an option on some free milling gold claims thirty miles west of Oposura, Sonora. The property is owned by California parties and Mr. Sanderson is acting for himself and other capitalists who have organized a company to deal in mining properties in the southwest.

William Melzer left for New York last evening in answer to a telegram from Professor G. A. Treadwell, calling him to that place to conclude the sale of the Copito mine situated in Sonora, Mexico. The Copito mine is owned by the Melzer brothers, Joseph of Los Angeles, and William of Phoenix, and J. Hardwick of Phoenix. Hardwick was one of the original owners, and the Melzer brothers acquired a two-thirds interest about a year and a half ago for \$3,000. The ore is said to run about 15 per cent copper and a large per cent gold. Besides the original Copito mine proper, the Melzer brothers and Hardwick acquired by purchase about forty adjoining claims, all supposed to be of equal richness. It is this entire property which is reported to have been sold for \$3,000,000.

Professor Treadwell, who was recently employed to examine the mine, pronounced it one of the richest mining properties in Mexico. On the strength of his report a Boston syndicate obtained an option on the property for \$3,000,000 and made a cash deposit of \$25,000 to bind the bargain. But when the Yaqui Indians went on the war path, they thought it would be impossible to work the mine in a hostile Indian country and they backed out of the deal and forfeited the \$25,000 deposit. Prof. Treadwell has since been commissioned to place the mine on the market, and his telegram last Thursday announced a successful sale.

ARIZONA AT A GLANCE.

Some one is trying to reintroduce paper collars and cuffs in Phoenix. Surely this is a negative compliment to either the Phoenixians themselves or to the laundries of the town.

James Howell came up from Magdalena, Sonora, yesterday bringing with him several hundred head of Mexican cattle which will be placed on the range at San Bernardino. — Orb.

It is learned that L. E. Anderson of Bakersfield has purchased all of the ones, twos and threes steers of the following parties: Roath and Moran, W. H. Kane, V. H. Leo, Mrs. Foster, Landers Bros. and O'Donnell Bros., all of the Babacomaria; Barker Bros., Jessie Bland, Shesby brothers, Antonio de la Osa, Julius Kuhnd, Jedge Harrison of Loches, Dick Farrell, Bart Sorrells of Harshaw, at the following prices, which are considered satisfactory. For one year \$15, for two \$18, and for three and over \$21. — Tombstone Prospector.
